Kodak finishing. Trip studio. —
Girl is Arrested—Belle Sage, 18
years old, was arrested by representa-
tives of the local sheriff's office yester-
day and is being held awaiting the
wishes of her parents in Wellsville.
The parents complained to the sheriff
of Cache county that the girl had run
away from her home. In Ogden the
girl was living with a friend at 2314
Washington avenue. She gives dis-
satisfaction over treatment received at
home as the cause of her leaving.

Advertisers must have their copy
ready for the Evening Standard the
evening before the day on which the
advertisement is to appear in order to
insure publication.

Outing—Arrangements are being
made by the Utah Retail Merchants'
association for the annual outing to
be held at Lagoon, August 29. The
Ogden members of the general com-
mittee are J. S. Carver, John Wilcox
and Fred Williams.

Lost—Pendant set with diamond,
pearl and amethyst, on 23rd, between
Van Buren and Jackson. Return 231
22nd st. Reward.

Postal from Stillwell—Frank Fouts,
local agent of the Denver & Rio
Grande, received yesterday a post
card from O. J. Stillwell who is now
in Europe. Mr. Stillwell, who is about
to tour Europe in his automobile with
Mrs. Stillwell, told Mr. Fouts that it
cost \$110 to crate and ship the ma-
chine on the steamship.

Cal. 421 for the news, editorial and
society departments of the Standard.

Barbers—Fourteen applicants for
barbers' permits were examined yester-
day at the Lone Star barber shop
on Twenty-fifth street. The exam-
ination was the semi-annual examination
by the state board of barber exam-
iners. The examiners were E. H.
Hayes of Ogden, D. J. Watts and Dr.
C. M. Benedict of Salt Lake.

Old papers for sale at this office:
25c per hundred.

Girls' Exhibit—Miss Viola Clancy,
clerk of the board of education, an-
nounces that the girls of all grades
who contributed to the sewing ex-
hibit sent to Salt Lake, may get their
articles by calling at the high school,
Thursday afternoon, between 2 and
4 o'clock.

First-Class Auto Service—Call up
Elite Cafe, Phone 72.

On a Journey—W. W. Browning,
newly confirmed postmaster of Ogden,
accompanied by Mrs. Browning and
daughter, are visiting throughout the
state. Yesterday was spent in
Provo where the Brownings were the
guests of Postmaster James Clove.
The postoffice was inspected by the
Ogden man with a view to picking up
ideas.

For Sale or Rent—Modern 5-room
house, 1731 Wash. Ave. Call phone
162.

Visiting His Sister—The Rev. B. H.
Leemann of St. Matthews church of
New Orleans is visiting with his sis-
ter, Mrs. L. M. De Julian, 850 Twen-
ty-third street. Rev. Leemann was in-
duced to spend his vacation in Utah
and has found the climate beneficial
to his health.

Nickson Rent car on the job again.
Stand—Den Cigar Store, Phone 440.

Back from Seattle—Parole Officer
E. M. Rowe of the State Industrial
school has returned from the national
conference of delegates from Charities
and Schools of Correction which was
recently held at Seattle.

B & G Butter—Unequaled for pur-
ity, flavor and quality. If you use it
once, you'll use it all the time.

On Fishing Trip—Deputy Clerks
Harry Hales and Arthur Larson are
spending the week fishing.

Improving—The report from the
Dee hospital this afternoon is that D.
D. Gratton is much improved and that
all other patients who were injured
in the canyon wreck are getting along
nicely.

On a Vacation—Fred Allen, a clerk
in the local freight office, leaves to-
morrow for a trip that will include
Seattle, Portland, San Francisco and
Los Angeles. Mr. Allen expects to be
gone about a month.

Former Ogden Teacher—Dr. A. E.
Wilson, principal of the Manual Arts
High school of Los Angeles, is visit-
ing old friends in Ogden. Dr. Wilson
was formerly principal of the Ogden
high school and many of the local
professional and business men of the
city studied under him. After serv-
ing in that capacity for fourteen
years, he left to study in Europe. Up-
on returning to the United States to
attend the N. E. A. convention in
Salt Lake. Since the close of the
convention he has visited friends in
various parts of the state. He came

VIGILANTES IN CITY OF OGDEN

Committee of Business Men, Whose Identity Is Not Known, Has
Started Out to Set Things Right—Trip Over the City to De-
termine Who Is Responsible For Present Condition of Streets.

The members of a vigilance com-
mittee, consisting of three business
men, are staking through the city
today making investigations in various
directions and at the close of their la-
bors, recommendations will be made
to the city fathers. The names of all
the committeemen are not given and
it was said by one of them this morn-
ing that communications will be ad-
dressed to the city board of com-
missioners over the signature, "Vigilance
Committee."

A part of the city was covered yester-
day afternoon and it is expected
that the circuit will be completed to-
day. It is not the object of the com-
mittee to ferret out crime or to in-
stitute anything like a lynching, but
as the committee does not consider
the recent robberies and attempted
holdups sufficiently alarming to war-
rant their attention, but the great pur-
pose is to have something done re-
specting the better care of the streets.
The "Vigilantes" will take notes as
they drive over the thoroughfares,

marking all the rough places and also
making note of the smooth spots or
obstructions.

An effort will be made to find who
is responsible for unsightly waste
heaps or obstructions and then they
will strenuously urge that the nu-
isance be abated. If the city has cre-
ated piles of dirt, the board of com-
missioners will be requested to re-
move them, and if telephone, electric
light, railway, construction or other
companies are responsible, an effort
will be made to have them comply
with the law and end the nuisance.

The committee also purposes to de-
termine just how much sprinkling is
being done on the streets and whether
the weeds are being cleared from the
curbs. Bumps in the middle of the
streets will receive especial attention
and the city leveler and grader will
be called out to straighten things. In
fact, the committee man says, an ef-
fort will be made to get better street
conditions in the city than now ex-
ists, or know the reason why.

MAN KILLED IS IDENTIFIED AS HALL

George Hall, the young man shot
and killed in Salt Lake early this
morning as he was burglarizing a
drug store, is well known among the
automobile chauffeurs and machinists
of Ogden. He came here a year ago
and worked for L. H. Becraft for sev-
eral months. His next employment
was with the Cheesman Automobile
company and recently he worked with
H. J. McFate, who runs a taxicab ser-
vice. Hall had been living with Mc-
Fate at 2719 Monroe avenue.

His name was given as Howell at
the Salt Lake papers, which is an
error.

H. McEwan, a local automobile man,
gave the following story of Hall to
The Standard today.

"George never used dope during the
time that I have known him, and I
knew him about as well as any one
in the town. It is my belief that he
took the morphine pills to sell, knowing
that he could get a good price for
them. He always was given the
best recommendations by the men he
worked for."

"He came from California a year
ago on the 12th of this month and
went right to work. Since he came
he has been out of work only a few
days. His mother and father are both
dead, and the only relative he has is
an uncle by the name of Dodd, in
Elko, Nevada."

"During the last few days, until
Monday, we were pretty much togeth-
er. He went to work for Sherwood
driving his car when I quit and, until
Sunday he and I had been together for
about 36 hours. We had planned to
go to California on Sunday, but I
changed my mind and left him to go
down to Lagoon. On Monday, I heard
he had gone to Salt Lake."

"All the boys are surprised at his
boding, as he didn't appear to us to be
that kind of a fellow."

CITY WILL NOT PAY \$350 FOR GROUND

Instead of agreeing to pay M. E.
Wilcox \$350 for a right-of-way to lay
the city water mains over his ground
in Wheeler canyon, the city board of
commissioners last evening authorized
the recorder to notify Mr. Wilcox that
he will be required to keep the flow
of city water across his ground to
the present intake free from contami-
nation and all description, otherwise
condemnation proceedings will be
commenced.

Mayor Fell reported that Mr. Wilcox
asks \$350 from the city for the priv-
ilege of laying the water mains a little
farther up the canyon, so as to avoid
refuse from camp houses, but that he
considered it too much money. The
chief executive stated that he had of-
fered Wilcox \$100, but that he had de-
clined the offer. The report was ap-
proved and the commission decided
not to change the location of the pres-
ent intake for the time being.

Petitions for water main extensions
on Monroe avenue and Twenty-ninth
street, and on Polk avenue and Twen-
ty-fourth street, were granted, but the
petition for extensions on Twenty-
seventh street and Lincoln avenue was
deferred for the present.

Inez Ingebreton was appointed
stenographer for the engineering de-
partment and C. C. Glasscock was ap-
pointed special officer for the Chau-
taqua at Glenwood Park, to act from
July 18 to the 28th.

The engineer reported that a little
more than 63 per cent of the property
owners on Ballantyne avenue protest-

ing against the widening and paving
of the avenue, leaving the city with
jurisdiction, however. On motion of
Commissioner Nye, the matter was
made a special order for Thursday
morning at the regular meeting of the
board. The board is of the opinion
that action should be deferred until
further investigation be made.

The matter of paying a warrant
against curb and gutter district No.
13, was referred to the superintendent
of finance. The Ogden State bank
holds the warrant and desires a settle-
ment. The balance due amounts to
\$350.70.

Bond interest in the sum of \$1126.12
was ordered paid.

Extension of water mains on Porter
avenue, between Twenty-ninth and
Thirtieth streets, was deferred.

Curb and gutter assessment on city
property facing the fire station,
amounting to \$46.20, was referred to
the committee of the whole.

Henry Porter was granted a license
to do business in the city as a ce-
ment contractor. His bond of \$5000
was approved and placed on file.

Plans for Pebble Park addition, sub-
mitted by the engineering department,
were approved.

The petition of property owners on
Jefferson avenue, between Twenty-
fifth and Twenty-seventh streets, ask-
ing the city commissioners to see to
it that the Ogden Rapid Transit com-
pany builds a standard road when it
builds on the avenue, was held for
future reference. The petitioners are
desirous that there be no poles in the
center of the avenue and that the
track be paved with asphaltum, the
same as the street.

The petition for sidewalk on Capitol
avenue, between Van Buren and Har-
rison avenues, was referred to the
superintendent of streets.

FINANCES OF THE CITY OF OGDEN

The financial report of City Auditor
William D. Van Dyke, for the quar-
ter ending June 30, which was com-
mitted to the city board of commis-
sioners last evening, shows the dis-
bursements exceeded the receipts by
\$125,561.77.

Following is a recapitulation of the
report:

Cash on Hand June 30, 1913.	
General fund	\$11,485.75
Special tax funds	25,933.70
Water works fund	7,432.05
Cash on hand in all funds	\$44,851.50
Receipts for Quarter Ending June 30.	
General fund	\$26,989.15
Special taxes	40,398.84
Waterworks department	17,393.70
Total receipts	\$84,781.69

Disbursements by Warrant.

General fund	\$6,033.87
Special taxes	97,350.45
Waterworks fund	45,968.34
Total disbursements	\$149,352.66

Warrants Outstanding.

General fund	\$107,951.04
Special taxes	374,593.35
Waterworks fund	653.35
Total warrants out-	

standing June 30, 1913, \$483,197.74.

General fund claims and accounts
of 1913, and prior allowed in this
quarter, \$81.50.

TO THE TOP OF BEN LOMOND MOUNTAIN

The following invitation, urging the
public to join in a trip to the top of
Ben Lomond, is from D. R. Roberts;
"To the Citizens of Ogden and We-
ber county:

"For some time there has been un-
der consideration a plan to make a
trip to the top of Mt. Ben Lomond,
the highest peak of the mountains,
near Ogden, and located due north
of the city, about seven miles away."

"The purpose of the proposed trip
is to determine the possibility of
building a good road to the top of
that mountain and probably to select
its course. If it is possible to reach
Ben Lomond, reasonably, it should be
done. From that point may be seen
the most wonderful and fascinating
picture—a vast empire of mountains
and valleys and lakes and rivers and
plains, of cities and villages, of farms
and orchards, of activity and develop-
ment, of possibilities and opportuni-
ties, a prospect without peer, one
manifesting the power and majesty of
the Great Creator. Few can see such
a picture, now, comparatively few
have had such an experience, and it
is our duty to provide a way that all
may see it and with joyous and tear-
ful exultation express their gratitude.
We want our neighbors from the east
and west to see it, for it will do
them good as well as ourselves, and
it will pay a thousand times."

"The county commissioners and
some of the citizens will make this
trip and yesterday they decided when
it would be accomplished."

"The time set for the trip is Tues-
day, July 22, and it will be made con-
tingent upon the day promising to be
reasonably fair. The party will leave
the First National bank corner at 8
a. m. in autos and will proceed to a
convenient place in North Ogden can-
yon. From there we ascend the moun-
tain and follow the ridge north to the
top of the peak. We expect to plant
a flag pole and unfurl the stars and
stripes on the peak and if there are
enough people present to hold a talk-
fest. From the peak we will break
up into parties and go down the vari-
ous canyons prospecting for good road
possibilities. We will meet at Liberty
in the evening, where the autos will
be to convey us home."

"Every citizen in Weber county is
invited to join the party on this oc-
casion. Each person going will provide
for his conveyance, lunch, water, sup-
ply, etc., together with kodak, field
glasses and anything else he may
choose to take along. Each person is
responsible for his conduct and safe
return. It is essentially a pioneering

trip and will be strenuous but, withal,
should be pleasant as well as profit-
able. I am directed, on behalf of
those intending to make the trip, to
publish this announcement and invita-
tion to the people.

"Respectfully,

(Signed) D. R. ROBERTS."

NOTED HEALER

TO LECTURE

TONIGHT

Dr. Nellie Beighle of San Francisco

arrived from the coast this afternoon

and registered at the Reed hotel. She

lectures this evening at the Congrega-

tional church.

She was on her way east when in-
duced by friends to stop in Ogden long
enough to address an Ogden audi-

ence.

Dr. Beighle is said to possess re-
markable powers in diagnosing dis-
eases and her method of treatment
calls for no medicines or instruments.

Three Ogdenites, who were treated
by her in San Francisco, claim to have
been cured of chronic ailments.

She is the author of a number of
books, one of which is the "Book of
Knowledge" treating on "psychic
force." The doctor believes in the
therapeutic power of spirit medium-

ship.

JUDGE HARRIS

IN FAILING

HEALTH

This morning, Judge N. J. Harris

continued the hearing of the case of

Schade Brothers against the Ogden

Overall & Shirt company until Sep-

tember 10, and the judge announced

that he will not hear any cases in

August.

Acting under the advice of his phy-

sicians, Judge Harris has adjourned

court indefinitely to take a vacation

on the coast. He is in the midst of

the trial of the Schade case when his

physicians instructed him to go home.

He will hear the probate cases next

Friday, but will likely not open court

again until September.

—

MUNICIPAL COURT

The following suits have been filed

in the municipal court:

George W. Larkin & Sons vs. L. J.

Duggan, suit, \$61.50.

S. J. Burt & Bros. vs. Mrs. F. A.

Ammerman, suit \$35.

S. J. Burt & Bros. vs. James R.

Hancock, suit, \$16.

Proudt Sporting Goods Co. vs.

Louis Freberg, suit, \$28.50.

Dr. Ezra C. Rich vs. Richard Bar-

nett, suit, \$132.

J. P. O'Neill Co. vs. Shupe Williams

Candy Co., suit, \$16.20.

Odell & Wright Investment Co. vs.

Seldy Roach, suit, \$70.

James Coal & Ice Co. vs. Cragun

Bros., suit, \$75.

INDIAN ABSORPTION OF GOLD.

Indian absorption of gold continues

to be a subject of more or less dis-

cussion in the English financial pa-

pers. A recent issue of the London

Statist contains an interesting article

on the subject, in which it is pointed

out that those who in considering the

general advance in commodity prices

accept the increased supply of gold

as a chief explanation, ignore the ac-

companying enlarged demand for the

precious metal. India's share in cre-
ating the increased consumption of
gold seems, according to the author
of the article in question, to be a
very large one. Official figures are
quoted to show that from 1910 to 1911
the net imports of gold into India
amounted to no less than 75,000,000
pounds or \$380,000,000 of which it
is calculated that 61,194,000 pounds, or
\$305,970,000, has been absorbed
through the process of hoarding by the
native population or conversion into
bullion for use in the arts, etc., while
the addition to the supply held by the
different banks of India has amounted
within the period in question to only
14,885,000 pounds or \$74,430,000. Al-
lowance has to be made for the

specials

—this certainly is a busy little corner of the town. Hun-
dreds of customers are here every day—attracted by the July
bargains—the carpenters are hammering away at new shelv-
ing—the boys are moving shoe and clothing stocks to the
new quarters.

—and with it all everyone is well served and supplied with
genuine bargains.

Wrights' July Clearing Sales

amount which has passed into cir-
culation, but the positive absorption
for hoarding or melting purposes in
India is declared to represent nearly
one-third of the world's total gold
production. The statistics cited do
not extend beyond 1911, but it is noted
that the same causes were operative
in 1912 and in the present year an
even more pronounced scale.—Brad-
street's.
